

April 6, 1988

LB 884, 953

CLERK: 26 ayes, 0 nays, Mr. President, on adoption of Senator Schmit's amendment to the bill.

PRESIDENT: The Schmit amendment is adopted.

SENATOR SCHMIT: Mr. President, I have explained to you the provisions of the bill as amended. Senator Landis has agreed. I have handed out, for your information, a letter that I wrote to Senator Landis, which explains in detail the bill as it now stands, and if there are no further questions, I would move that the bill be advanced. I think that we have a very simple bill and I think it is one which is understood and certainly appreciate Senator Landis's cooperation. At this time, I would move for the bill to be advanced.

PRESIDENT: Thank you. The question is the advancement of the bill. All those in favor say aye. Opposed nay. It is advanced. LB 884, please.

CLERK: Mr. President, 884, the first thing I have is an amendment to the bill by Senator Beyer. Senator Beyer's amendment is on page 1992 of the Journal.

PRESIDENT: Senator Beyer, please.

SENATOR BEYER: Mr. Speaker and colleagues, it is a very simple amendment, something that was brought to our attention in the fact that the bill adopts that part of the Federal Hazardous Material Regulations, Title 49, Code of Federal Regulations in existence as of April 15, 1988. Since this bill carries the emergency clause, the bill would become effective before April 15th, so we just added a section three that says this act shall become operative on April 15, 1988, which will bring it all into consistency. So with that, I would just ask you to adopt that simple amendment.

PRESIDENT: Thank you. Any further discussion? If not, the question is the adoption of the Beyer amendment. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 25 ayes, 0 nays, Mr. President, on adoption of Senator Beyer's amendment.

PRESIDENT: The Beyer amendment is adopted. Anything further, Mr. Clerk?
